

TABLES

YOUR TABLE IS READY

Durable, tested, and primed for color, our expansive table collection covers all of the bases (and then some). Just add chairs.

SOLID WOOD TOPS

Rustic gets refined with our new solid wood collection. Rich in natural color and texture, these tables create an unforgettable look. Pair with a pedestal or go communal—either way, they're a solid choice.

Hickory

Feast your eyes on Hickory. It has striking burls and knots woven throughout the grain. Hickory's wide variance of color gives it a casual, easy feel.

Walnut

For those spaces that want an extra layer of luxe, opt for Walnut. Known for its rich, chocolaty hue and a lovely textured finish, it's the show-stopping species everybody craves.

White Oak

Instantly recognizable for its big, cathedral grain pattern, White Oak has a coarse texture and a buttery yellow color. From pizza parlour to fine dining, this sturdy classic goes everywhere and anywhere.

Mixed Wood

Using a combination of each of the standard wood species, the planks are placed one-by-one to create a delightfully random pattern. The final product is rich in color and texture.

Maple

Long the Grand Rapids Chair standard, Maple is an versatile wood with a milky white tone. Maple is the best choice for our standard stains because of its neutral color.

OUR MOST WANTED

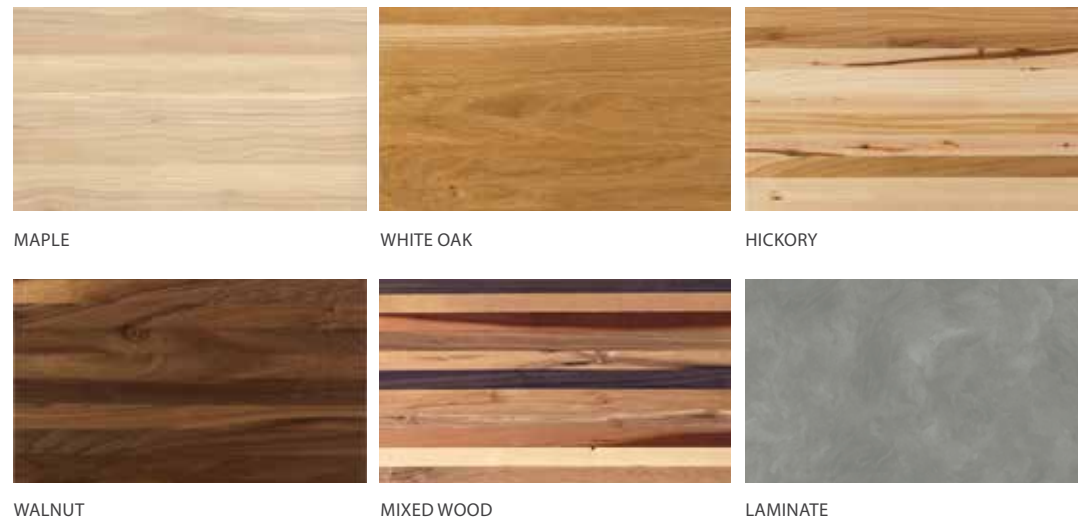

We offer everything from a simple pedestal to a large communal table. Here are our nine most popular and best-selling designs.

LET'S START FROM THE TOP

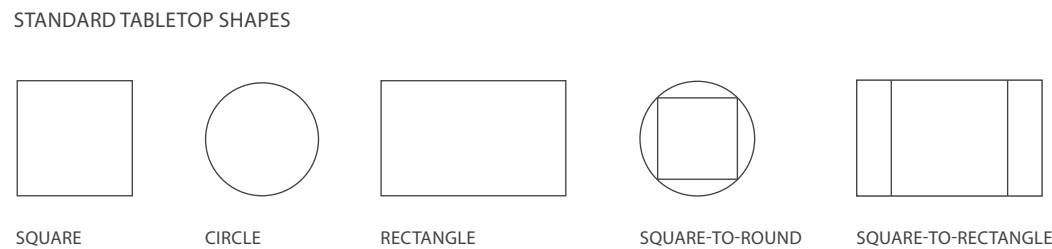

Wood is a classic, durable choice for table tops for all of our bases and our solid wood table designs. We use your choice of wood species at right to create your custom tables with handcrafted woodworking techniques.

Along with solid wood tops, we also offer laminate tops. We work with most major laminate providers to create custom products.

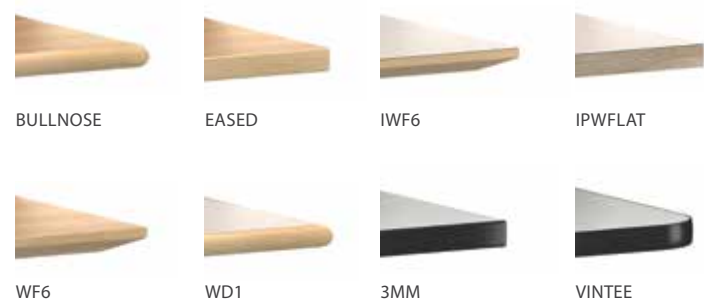

ALL SHAPES AND SIZES

For most Grand Rapids Chair bases, we offer five standard table shapes. These shapes come in a number of sizes. Custom shapes and sizes available.

OUT ON THE EDGE

From reverse knife edge to classic vintee, finesse your table with our multiple edge options.

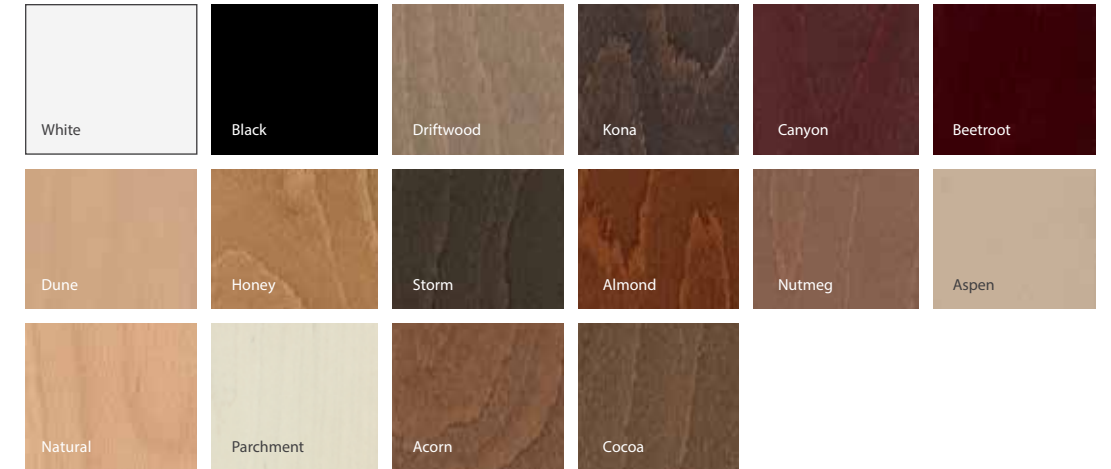

SELECT A WOOD FINISH

Our standard polyurethane topcoat is food-safe and helps protect against every day wear and tear. The finished products have a gorgeous, low-sheen, and natural appearance that emphasizes the grain.

Standard wood finishes are shown on Maple. We recommend specifying "natural" finish on White Oak, Hickory, Walnut, and Mixed Wood table tops.

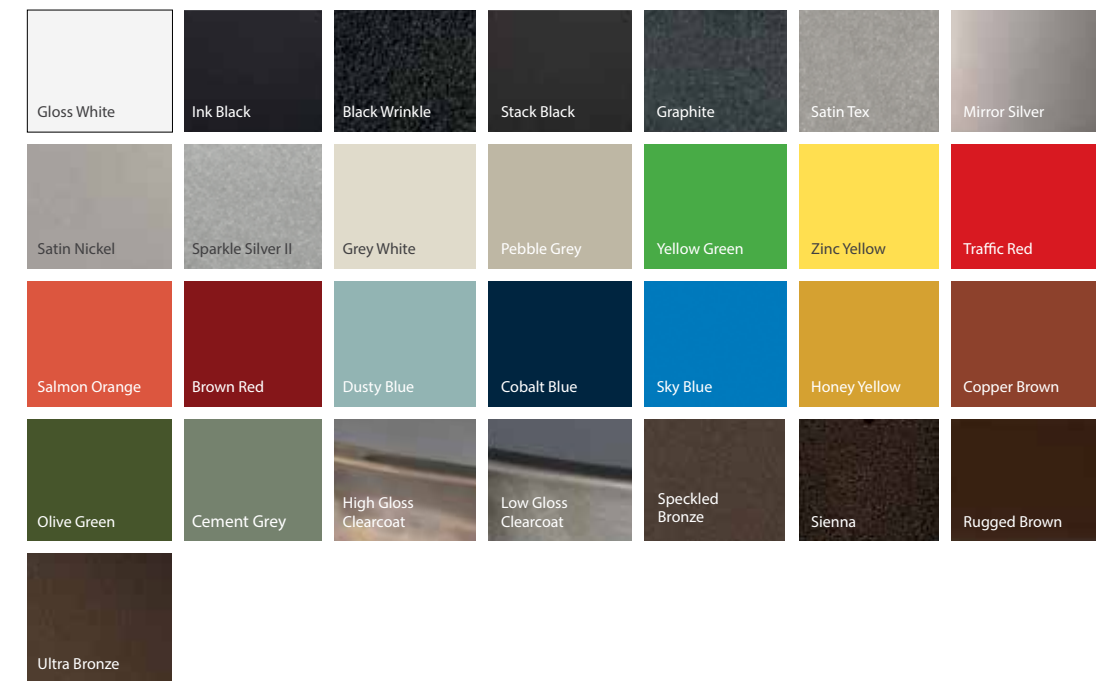

STANDARD WOOD FINISHES

SELECT A METAL FINISH

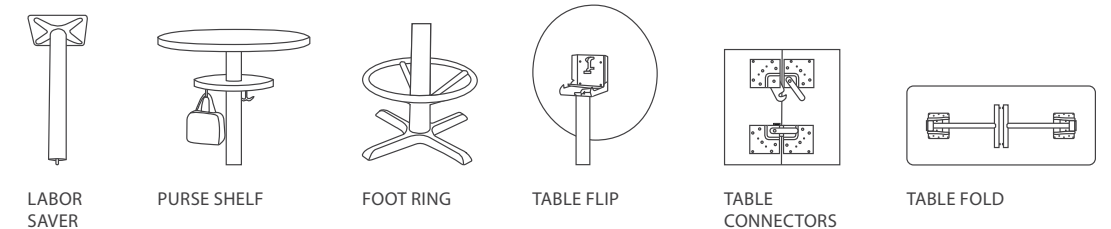

Jazz up that base with some color or keep it simple with an old standby like Black Wrinkle. With our state-of-the-art powder coating line, your table base finish will come out vibrant and guaranteed to last, every time.

STANDARD METAL FINISHES

LET'S ACCESSORIZE

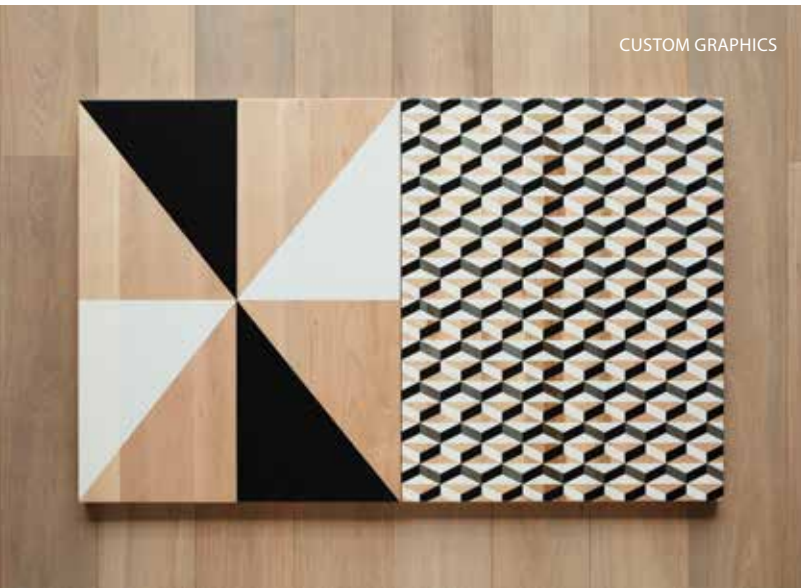

Depending on the model, most tables will allow you to add extra options like foot rings, purse hooks, and even power and electrical units.

ENGRAVING

CUSTOM GRAPHICS

MAKE IT YOUR OWN

ATTENTION TO DETAIL

Extra details like laser engraving, heavy distressing, a foot ring, or a printed top can distinguish your brand and make guests feel more comfortable. From logos to unique designs, we can do it all. Pricing for custom work must be discussed with the factory and will vary based on graphics/designs and size of the project. Finish any of our bases in our standard powder coat colors for a fun pop of color. Add these extra touches to your table to make it uniquely yours.

Our customization capabilities include:

- Engraving
- Printed table tops
- Distressing
- Custom wood stains and finishes
- Custom powder coating colors
- Unique shapes and sizes
