Brooke Seating Family

Great design doesn't need to be bold, but rather neutral – proving that idea is the Brooke Seating Family. From the slats to seat, Brooke features welcoming rounded corners, giving this solid wood family a softer look. It's the sheer simplicity that gives this collection its modern charm.

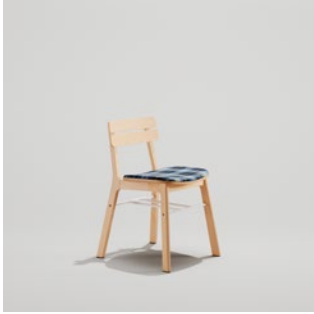

For the Brooke Collection, we've partnered with the Juvenile Diabetes Research Foundation to help find the cure for juvenile diabetes. For every Brooke chair or stool purchase, we will donate a portion to this organization.
