Finishes and Options

Metal

Tougher than conventional paint, our standard powder coats are suitable for indoor and outdoor use. Along with a wide range colors, our powder coat line offers exceptional protection against harsh UV rays and inclement weather.

RAL Color Finder Program

Choose from over 150+ metal colors that will make your next project feel even more personalized. Visit the resources page of our website to download the full brochure and see all of the options.

Outdoor Upholstery

Our upholstery policy is simple; use nearly any upholstery material you'd like or choose from our fabric partners. We hand-sew and hand-fit fabrics over high resilience foam for superior comfort, appearance, and durability.

For outdoor applications, we recommend using outdoor commercial grade fabrics for the Opla seat pad and Rita Lounge Collection. Be sure to check out the outdoor upholstery collections from these partners:

- Burch
- Kvadrat
- Mayer Fabrics
- Stinson
- Designtex

Standard Metal Finishes

High-Density Polyethylene

HDPE is a sustainable, GreenCircle certified, dimensional wood alternative — made primarily from post-consumer and post-industrial recycled plastic.

We're Here to Serve

Michigan-Made

Building our products here gives us ultimate quality control, using the best American engineering and manufacturing techniques available today. Along with a highly advanced factory, we also employ master-welders and spray finishers to build our outdoor products.

3-year outdoor warranty

We offer a standard 3 year structural warranty on all of our outdoor products and a 1 year finish warranty.

BIFMA standards

Our products are designed and tested to meet BIFMA standards. Doing so ensures our products will perform and last in high-traffic environments. More importantly, BIFMA standards ensure our customers that their customers will be safe.
