

# ADA Table Considerations

What is ADA?

The Americans with Disabilities Act (ADA) is a civil rights law, aimed at preventing discrimination against and providing equal opportunities for individuals with disabilities. Title II (Public Services) and Title III (Public Accommodations) sections of the ADA cover concepts related to design.

ADA Table Standards

Table dimensions alone do not ensure ADA compliance—designers must also account for clearance, accessibility, approach, and maneuverability to create truly inclusive, accessible spaces.

ADA Table Dimensional Requirements

Table Height:	28-32" H
Knee Clearance Height:	27" H
Knee Clearance Depth:	19" D
Width Clearance:	30" W

Solid Wood Table Tops can be engraved to designate tables that are reserved for accessible guests.
